

CUSTOM KNIFE COMMISSION AGREEMENT

Between the Maker and the Customer named below, for one custom-made knife. Plain English on purpose — both sides should actually read it.

1 · WHO

MAKER (NAME / BUSINESS)

CUSTOMER (NAME · PHONE · EMAIL)

DATE

2 · THE KNIFE

DESCRIPTION (STYLE, BLADE LENGTH, STEEL)

HANDLE · PINS · FINISH

SHEATH · SPECIAL REQUESTS

3 · PRICE AND PAYMENT

TOTAL PRICE (TAXES INCLUDED? YES / NO)

- A **50% deposit** is due before work begins. The build slot is reserved only once the deposit is paid.
- The balance is due before shipping, or at pickup.
- Card payments may carry the processor's fee.

4 · TIMELINE

- The completion estimate is a good-faith **estimate, not a guaranteed date**. Custom work moves at the speed of doing it right.
- The Maker sends progress updates at major stages and flags any real delay as soon as it is known.

5 · CHANGES

- Small changes before grinding begins are usually fine; any price change is agreed in writing first.
- Changes after grinding has begun may require a new quote, at the Maker's judgment.

6 · CANCELLATION

- Customer cancels **before** work begins: deposit refunded, minus materials already purchased.
- Customer cancels **after** work begins: the deposit is forfeited.
- Maker cancels for any reason: everything paid is refunded in full.

7 · DELIVERY

- Shipped insured and tracked at the Customer's cost, or picked up in person.
- Risk passes to the Customer on handover to the carrier, or on pickup.

8 · WARRANTY AND CARE

- Craftsmanship defects repaired or replaced free for _____ (suggested: one year; many makers offer the original owner's lifetime).
- Not covered: misuse (prying, throwing, wrong-job batoning), rust from neglect, sharpening damage by others, normal wear.
- Carbon steel patinas and can rust — that's the steel, not a defect. Keep it clean, dry and oiled.

9 · THE OBVIOUS, IN WRITING

- A knife is a cutting tool and is inherently dangerous. The Customer accepts responsibility for safe use and storage.
- The Customer confirms they are of legal age, and that owning and carrying this knife is lawful where they live.
- The Maker's total liability is **capped at the price paid** for the knife.

10 · GOVERNING LAW

- Governed by the laws of _____ (suggested: Alberta, Canada). Disputes go first to a good-faith conversation.
